Introduction

California Family, Career and Community Leaders of America (FCCLA) is a non-profit, Career Technical Student Organization (CTSO) for Family and Consumer Sciences (FCS) students in junior and senior high schools, both public and private, and/or regional occupational centers or programs (ROCP). The state association is also affiliated at the national level with FCCLA, formerly known as Future Homemakers of America, Inc.

FCCLA has a membership of approximately 5,400 young men and women in more than 115 chapters. Any student who is enrolled in or has been enrolled in a Consumer and Family Studies Education Program or a Family and Consumer Sciences Related Occupations Career Pathway Program is eligible to join and participate in leadership and career development activities.

This handbook has been prepared to acquaint FCCLA members with their organization—its goals, purposes, projects, and activities—and to relate the state association to their local chapters and FCS Education Programs.

There are approximately 175,000 members throughout the United States, Puerto Rico, Virgin Islands, and the District of Columbia. Nationally, the sponsors are the U.S. Department of Education and the American Association of Family and Consumer Sciences. In California, the sponsor is Family and Consumer Sciences Education, California Department of Education.
Creed

“We are the Family, Career and Community Leaders of America.

We face the future with warm courage and high hope.

For we have the clear consciousness of seeking old and precious values.

For we are the builders of homes,

Homes for America’s future,

Homes where living will be the expression of everything that is good and fair,

Homes where truth and love and security and faith will be realities, not dreams.

We are the Family, Career and Community Leaders of America.

We face the future with warm courage and high hope.”
Goal

The goal of the State Association is to help students assume their roles in society through Family and Consumer Sciences Education in the areas of personal growth, leadership development, family life, career preparation, and community involvement.

Purposes

The purposes of the State Association shall be:

A. To provide opportunities for personal development and preparation for adult life.
B. To strengthen the function of the family as the basic unit of society.
C. To encourage democracy through cooperative action in the home and community.
D. To encourage individual and group involvement in helping achieve global cooperation and harmony.
E. To promote greater understanding between youth and adults.
F. To provide opportunities for making decisions and for assuming responsibilities.
G. To prepare for the multiple roles of men and women in today’s society.
H. To promote interest in Family and Consumer Sciences and Related Occupations.

FCCLA Colors

Official colors contribute to the organization’s national unity and provide national identity. The FCCLA colors are red and white. Red suggests strength, courage, and determination; personal qualities leading to happiness through a positive self-image. White symbolizes sincerity of purpose and integrity of action; qualities that will help individuals build a better tomorrow.

FCCLA Flower

The flower of FCCLA is the red rose. This flower represents the fact that FCCLA members seek to improve the quality of all aspects of personal, family, community, and work life.
The emblem shows that FCCLA is a dynamic, active organization bound for the future. The dominant collegiate lettering shows a focus on education and student leadership. The swooping arch represents an active organization that moves toward new arenas. The color of the emblem is one of the organizational colors: red. When wearing the official emblem on the red blazer, members should observe the following guidelines:

- The emblem should be worn on the left hip pocket.
- The emblem should not be worn in combination with other school or organization emblems or seals.
- The name of the school should not be combined with this emblem when wearing it on apparel.

**Motto**

“Toward New Horizons”

The FCCLA motto, “Toward New Horizons,” is a challenge. It reminds members that their contributions to home and community life today will influence the kind of homes they have tomorrow and that the family life of members will influence their employment, their community, and the world in which they live.
Use of Name

California FCCLA recommends certain rules governing the use of the organization name and acronym:

1. When referring to the organization, always use the name California FCCLA or FCCLA.

2. FCCLA may be used to refer to projects, chapters, or events; for example, FCCLA Week, Blakely High School FCCLA Chapter, or FCCLA programs and publications.

3. When describing activities on the local level, always refer to the FCCLA chapter, not the FCCLA club.

Facts About California FCCLA

FCCLA grew out of various state and local high school home economics clubs which were known by different names and had no unified program.

Visualizing what could be accomplished if all clubs combined efforts by working together, members of the American Home Economics Association and the Home Economics Education Staff of the United States Office of Education, together with student representatives of the various Home Economic clubs, took the lead in forming the national organization.

Significant dates marking the growth and progress of the organization are as follows:

**February 1917**

The signing of the first National Vocational Education Act by President Woodrow Wilson brought into being federally-supported, state-conducted programs of vocational education which included home economics. Through home economics education, the foundation was laid for the development of the organization as an integral part of the program.

**June 1945**

Future Homemakers of America was founded in Chicago as the national organization for home economics students in the secondary schools, both public and private.
July 1946
The California Association FHA-HERO was the 35th state to receive its charter.

July 1965
Future Homemakers of America and New Homemakers of America merged into one organization, keeping the name of Future Homemakers of America. (New Homemakers of America was a separate organization for black home economics students in southern states where segregation was the law.)

May 1971
HERO chapters were established as a part of Future Homemakers of America to meet the needs of students in Home Economics Related Occupations programs.

1973
California renamed its association FHA-HERO to unify students in both home economics programs, Consumer and Family Studies and Home Economics Related Occupations, under one organization.

1975
California State FHA-HERO Executive Council voted to establish the Competitive Recognition Events (CRE) Program.

1982
Voting delegates at the State Leadership Conference voted to divide the state into ten regions.

1985
Voting delegates passed a bylaw amendment to reduce the number of officers to six. This amendment became effective with the election of the 1986–87 officers.

1993
First male installed as California Association FHA-HERO State President.

1998

1999
The National Executive Council and a majority of the national voting delegates voted to change the name of the national organization to Family, Career and Community Leaders of America, Inc.

2000
The California State Officers and an overwhelming majority of the voting delegates voted to change the name of the state association to The California Association FHA-HERO.

They also voted to change the California Association Creed.

2011
The California State Officers and a majority of the voting delegates voted to change the name of the state association to FHA-HERO: The California Affiliate of FCCLA.

2015
The first time California chapters affiliated directly through the FCCLA national affiliation system. FCCLA Students Taking Action with Recognition (STAR) Events became a part of the CRE Program.

2016
At the California State Leadership Conference, the State Officers and an overwhelming majority of the voting delegates voted to change the name of the state association to California FCCLA.

Guidelines for Conduct

As a member of California FCCLA, you have privileges as well as responsibilities. The following guidelines were developed by the State FCCLA Executive Council so that California can be proud of its representatives and have them reflect a professional image at all official activities:

- Members should conduct themselves in a manner which brings credit to them, their families, their schools, and FCCLA. This includes respecting the rights, safety, and comfort of others with regard to manners, noise, language, and general conduct.

- Members will follow the directions of chapter advisors and chaperones. They will be respectful and courteous in their speech and behavior.

- No alcoholic beverages, unprescribed drugs, cigarettes/E-cigarettes/spit/smokeless tobacco/vaping or JUULing products in any form shall be in the possession of or consumed by members at any time while representing the FCCLA organization.

- Members and their chapters will be responsible for damages they incur.

- Advisors shall be informed by members of their activities and whereabouts at all times.

- Members will abide by the established curfew at each FCCLA activity.

- Male and female socializing will only be allowed in places and at times designated by delegates and advisors.

- Instances of misconduct will be reported to advisors, parents/guardians, and appropriate school authorities.

- The participation of a member in an FCCLA activity may be terminated in the event the guidelines for conduct are not followed. The expenses of telephone calls and travel will be assumed by the member and his or her parents or guardians.
FCCLA Week

Typically celebrated during the second full week of February, FCCLA Week provides chapters with the opportunity to publicize the organization at the school site and in the community. Active chapters plan and conduct activities for each day of the week to focus on one of the six components of an effective chapter. Chapters also participate in special statewide activities that address the State Project Goals and support annual goals as identified by the current State Officer team. This week is a great time to recognize people who have helped the local FCCLA Chapter in a special way.

State Project Goals

FCCLA State Project Goals are goals selected biennially by the State Officers. Each year, chapters plan a Program of Work to emphasize these areas. This program includes a broad work range of activities or projects based upon the needs and interests of chapter members. Chapters are encouraged to concentrate their efforts toward the State Project Goals so that the FCCLA Program will have a coordinated impact on making a positive contribution to individual communities and to society through Family and Consumer Sciences and State FCCLA curriculum.

State FCCLA Website

Members, advisors, and other interested individuals should visit the FCCLA website at www.ca-fccla.org to learn about all of the leadership and career development opportunities as well as types of recognition that are available. The site contains information about the Association, including a statewide calendar of activities, CRE, affiliation, State Leadership Conference, awards and scholarships, and the Golden State Degree Program. In addition, there are sections devoted to State Officers and to region activities. Forms needed by members, advisors, and chapters to apply for awards, officer candidates, or to order emblematic materials are also posted.
Competitive Recognition Events

FCCLA STAR Events and the California CRE Program are designed to provide additional opportunities for FCCLA members to develop career and leadership skills and to receive recognition for knowledge and skills learned in the Family and Consumer Sciences classroom. Each year since 1975, when the CRE Program was introduced to California, members have found participating in competitive events to be a worthwhile learning experience.

Through the STAR and CRE Programs, members can represent their chapters at Region, State, and National level competitions. **Chapter Events include:** Chapter in Review Portfolio, Chapter Service Project Display, National Programs in Action, Parliamentary Procedure, and Promote and Publicize FCCLA. **Team Events include:** Baking and Pastry, Culinary Arts, Culinary Math Management, Entrepreneurship, Event Management, Fashion Design, Focus on Children, Food Innovations, Hospitality, Tourism and Recreation; Interior Design (Sr. Division), Professional Presentation, Repurpose and Redesign, Sports Nutrition, and Sustainability Challenge. **Individual Events include:** Child Development, Culinary Display, Fashion Construction, Interior Design (Jr. Division), Job Interview, Menu Planning and Table Display, Salad Preparation and Teach and Train. Star Advisor Award

The Star Advisor Award is given annually to recognize a Family and Consumer Sciences teacher who has served as a FCCLA advisor and who has worked to develop a strong FCCLA program in his/her Family and Consumer Sciences Department. These advisors have provided leadership in working with students and adults to expand FCCLA beyond the local chapter level.

One advisor is selected from each region to receive the award, with one of those winners being named as the FCCLA Star Advisor.

Honorary Membership

The purpose of Honorary Membership is to recognize those persons who have made outstanding contributions and who are giving continuing service to the state organization.

Chapter and Individual Awards

Honor Chapter Award

The purpose of the Honor Chapter Award is to recognize chapters for an outstanding program of activities which focus on the six components of an effective chapter and the State Project Goals.
State Superior Chapter Award
The purpose of the State Superior Chapter Award is to recognize those chapters who have developed an exemplary FCCLA program of work based on the established criteria. A State Superior Chapter has a strong, active membership; encourages participation in chapter, region, state, and national activities; and promotes cooperation within the school and community. In addition, a State Superior Chapter has an effective leadership development program for its members, builds positive public relations, and develops ongoing alumni relations.

Golden State Degree Program
The Golden State Degree Program, implemented in the 1998–99 program year, provides FCCLA members the opportunity to achieve recognition for meeting established criteria for chapter, region, and state degrees. Each degree requires the member to demonstrate additional knowledge of and commitment to the organization. As FCCLA members participate in chapter, community, region, and state activities, they can develop leadership skills and make a plan to achieve the FCCLA Golden State Degree.

Members are eligible to wear the emblem of the degree they attain on the left lapel of the official blazer. Local chapter advisors have information regarding qualifications for each level of the degree program.

Publications
Teen Times is the national FCCLA magazine for chapters and members. This magazine features “how to” articles that help chapters plan projects, inform members of various career opportunities, and utilize techniques for leadership development. Other sections contain contributions from members and chapters. Each year one edition of Teen Times is published and mailed to chapters. The remaining editions are available on the FCCLA website. A chapter receives one copy for each member. The State electronic newsletter is posted on the State website.

Or do you stay home
And criticize and knock?

Do you take an active part
To help the work along?
Or are you satisfied to be
The kind that just belongs?

That means success if done,
And it can be accomplished with
