The 2019 Region Officer Training Conference was an unforgettable experience. Although the travel was quite warm and lengthy, each region officer enjoyed their stay at California State University, Fresno. Our Region 10 team participated in various team building activities and informational leadership meetings. From these experiences, everyone learned new skills that are necessary to become a well-rounded leader!

Throughout this week, our region team participated in many activities including rope climbing and bowling. In these activities, our group learned how to collaborate and cooperate effectively with others. Ultimately, this event built friendships and had brought each officer closer together.
